	Mechanism	
	Full	Queen
	62"	68"
	N/A	N/A
	75"	75"
	N/A	N/A

Mattress: Luxury 8.5" thick (when manufactured, approximately 7.5" after compression) and 75" long mattress with Z spring technology provides the most supportive sleeper mattress offered. The patented design allows the mattress to rest in a closed position without crushing and prevents premature wear. "No uncomfortable bar in back" guaranteed for the life of the mattress. Dual innerspring consists of 13 gauge coils. CFR 1633 compliant.

Sleeper Mechanism: Contract mechanism made of heavy gauge steel designed with offset and channel-features that add durability and strength. Soft-lock and heavy gauge springs provide feather-touch open/close function. 1200D poly- decking provides a fortified sleep surface. Substantially thicker tubing resulting in greater strength. Double grip nylon handle with seven mounting screws. Engineered to encapsulate a zen pillow top mattress.

Warranty: 5 years

Additional Notes: Zen Mattress and Mechanism not sold separately. Zen Mechanism to be applied with Zen Mattress only.
