

REMOVABLE SEAT DECK VS. CLEAN OUT

Removable Seating | Loose Seat & Tight Seat

- Seat decks are manufactured to be easily lifted out of the frame for quick removal and simple clean up.

Loose Seat

Seat suspension under cushion includes a spring unit for seat comfort and extends the life of the seat cushion.

Stainless steel staples prevent rust.

Seat deck is upholstered in moisture-resistant vinyl for easy clean up.

All internal exposed wood surfaces are sealed for moisture resistance and cleanability.

Tight Seat

Available in tight seat styles. Seat cushion and deck lift out as complete unit.

Clean Out

- Clean Out options offer a discreet opening at the back or at the arms of the piece allowing moisture and debris to easily pass through to be cleaned out.
