

# The Mattress Breakdown

Based on Queen Comparison

	Coil Count	Thickness	Warranty
Standard 	299	5.25"	2yr
Princess 	299	6"	2yr
Cool Gel Infused 	299 *Gel Infused Memory Foam	6"	3yr
Contract Linen 	345	6" *Heavy Duty Durability	2yr
Imperial 	345	6" *Push Insulated Padding	2yr
Zen Elite™ 	343 *Z-Spring Technology	8.5" *Ergonomic Channeling	7yr *Industry Leading

Z-Spring technology is an ingeniously engineered spring-coil system that allows the 8.5" mattress to fold into the sleeper. The extensively patented Z-Spring technology provides support and comfort that parallels residential sleep products by leading brands.

# Ultimate Comfort

## Zen Elite™ Mattress

- Luxury 8.5" mattress featuring advanced Z-spring support
- Patented non-crush design preventing premature wear
- No "bar-in-the-back" discomfort, guaranteed for the life of the mattress
- Dual 13-gauge innerspring system for superior support
- Moisture-resistant, non-bunching, bamboo ticking for durability and longevity
- Engineered ergonomic support for head, body, and foot alignment
- High coil count: 343 (Queen) / 320 (Full)
- Optional fitted mattress cover available separately

## Zen Elite™ Mechanism

- Soft-lock system and heavy-gauge springs deliver smooth, feather-touch open/close performance
- 1200D poly-decking creates a reinforced, stable sleep surface
- Thicker reinforced tubing with seven mounting screws for enhanced structural integrity
- Individually powder-coated components and solid-core rivets for long-term durability
- Double-grip nylon handle for easy operation by guests and environmental services staff
- Engineered to fully encapsulate the Zen Elite pillow-top mattress for a secure, supportive fit

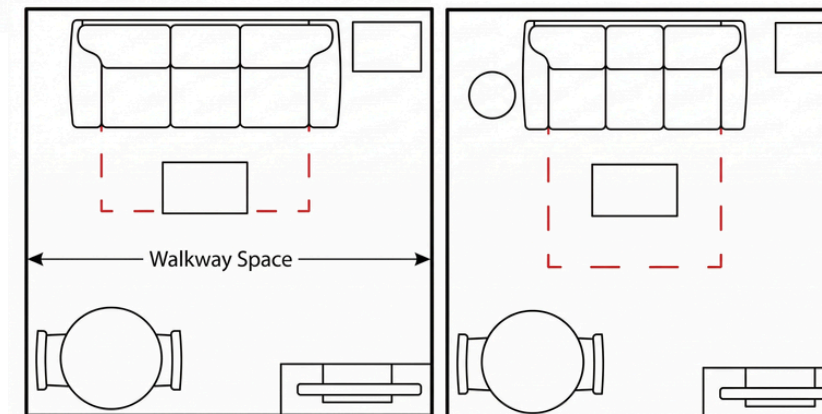

# Two ways to deliver a better sleep experience.

This space saving sleeper sofa is great for heavy use environments that utilize circulation space. The difference between the SBA and a traditional sleeper is approximately equal to one end table.

## Sleep Between the Arms

- Sleep parallel to the sofa profile
- Mattress comparable to Zen Elite™ features (see above)
- Anti-tilt safety features
- Available only in queen size
- 7 Year Warranty

# Space Saver

Featuring all the benefits of the exclusive Zen Elite™ sleep system, the Zen Elite™ Sleep Between the Arms allows guests to rest parallel to the sofa—creating a more space-efficient footprint when fully open, without compromising the comfort of a true bed experience.

While Zen Elite™ offers a traditional pullout with a familiar layout, Sleep Between the Arms delivers the same queen-level comfort in a smarter, space-saving design. Both options are thoughtfully engineered to adapt to today's environments—whether the priority is familiarity or maximizing available space.

Sleep Between the Arms

Traditional Queen Sleeper

## Footprint 70" vs. 94" on Standard Sleepers

Sleep Between the Arms saves up to 14 square feet compared to a traditional sleeper.

Requires additional 12"W than traditional sofa sleepers frames to accommodate the 80"W mechanism.
